We're thrilled to kick off our 2024-2025 21PHirst Signature Series with Dr. Kaitlan Baston! The theme of this year's series is Public Health Workforce Development. Hosted in collaboration with the Center for Public Health Workforce Development the series will explore how we can prepare, train, and educate an agile public health workforce that is prepared for post-pandemic challenges and advances.

Dr. Baston is a leader in public health, with a remarkable career dedicated to improving health outcomes for underserved populations. She has led groundbreaking initiatives in addiction medicine, maternal and child health, health disparities and behavioral health, both in New Jersey and nationwide. From building the Cooper Center for Healing to advising national health policy, Dr. Baston is a true advocate for social justice and health equity.
