

# Propelus can help you accelerate your innovation into the market.

Participants earn a **\$3,000** NSF research grant that can be used for travel to conferences, etc.

February 14, 16, 23, & March 2

1:00pm - 4:00pm ET online

## I-Corps Propelus will help you:

- **Identify potential** for your science or engineering research to grow in a startup or other venture.
- **Access mentorship** from seasoned entrepreneurs and receive up to \$3,000 for customer-discovery research.
- **Accelerate** to the national NSF I-Corps Teams intensive 7-week course and a \$50,000 grant.

**Who should apply:** Teams consisting of faculty members, postdoctoral or staff researchers, graduate students, and undergraduates who want to enhance the impact of university discoveries and technologies.

## Applications due **Jan 17, 2023**

Applications will be evaluated based on project potential & team commitment
